#### SUMMER OF TWO THOUSAND THIRTEEN

WWW.STREETLAB.CO.UK

Hi Bridget, welcome back to Elite! Tell us what you have been up to since you last graced our pages? Wow....is there even enough space on a page for me to tell you everything that has been going on? Haha. Long story short....model, model, workout, model, design, design, workout, design, create, create, model, model and repeat :p

## HOW WOULD YOU DESCRIBE YOUR STYLE? A SEXY TOMBOY!

What was it like to work with the photographer on this shoot? Bradley is super easy and great to work with...and it's always comfortable to shoot in your own home:)

What was your favourite part of the shoot? Rolling around in bed;)

Outside of modelling, do you have any other passions? I love to skateboard haha... I pretty much skate everywhere that's within 2 miles... it makes me feel free!

Tell us about Blonde Locks and how that all got started: I was modeling for a few brands... doing the whole hot girl in boyfriends clothes thing but I normally dress like that so I decided to make something for the girl that is like me. I figured I couldn't be the only one.

**So how can a guy impress you?** Chivalry is not dead! Open doors, walk on the right side of the road, make me laugh, tell me what you think of me etc.

What is the naughtiest thing you do? I like to show up on doorsteps in full-blown lingerie.

What's a guaranteed turn on for you? Confidence = A man who can let me know whos boss.

If you could have one superpower, what would it be? I wanna read your thoughts!

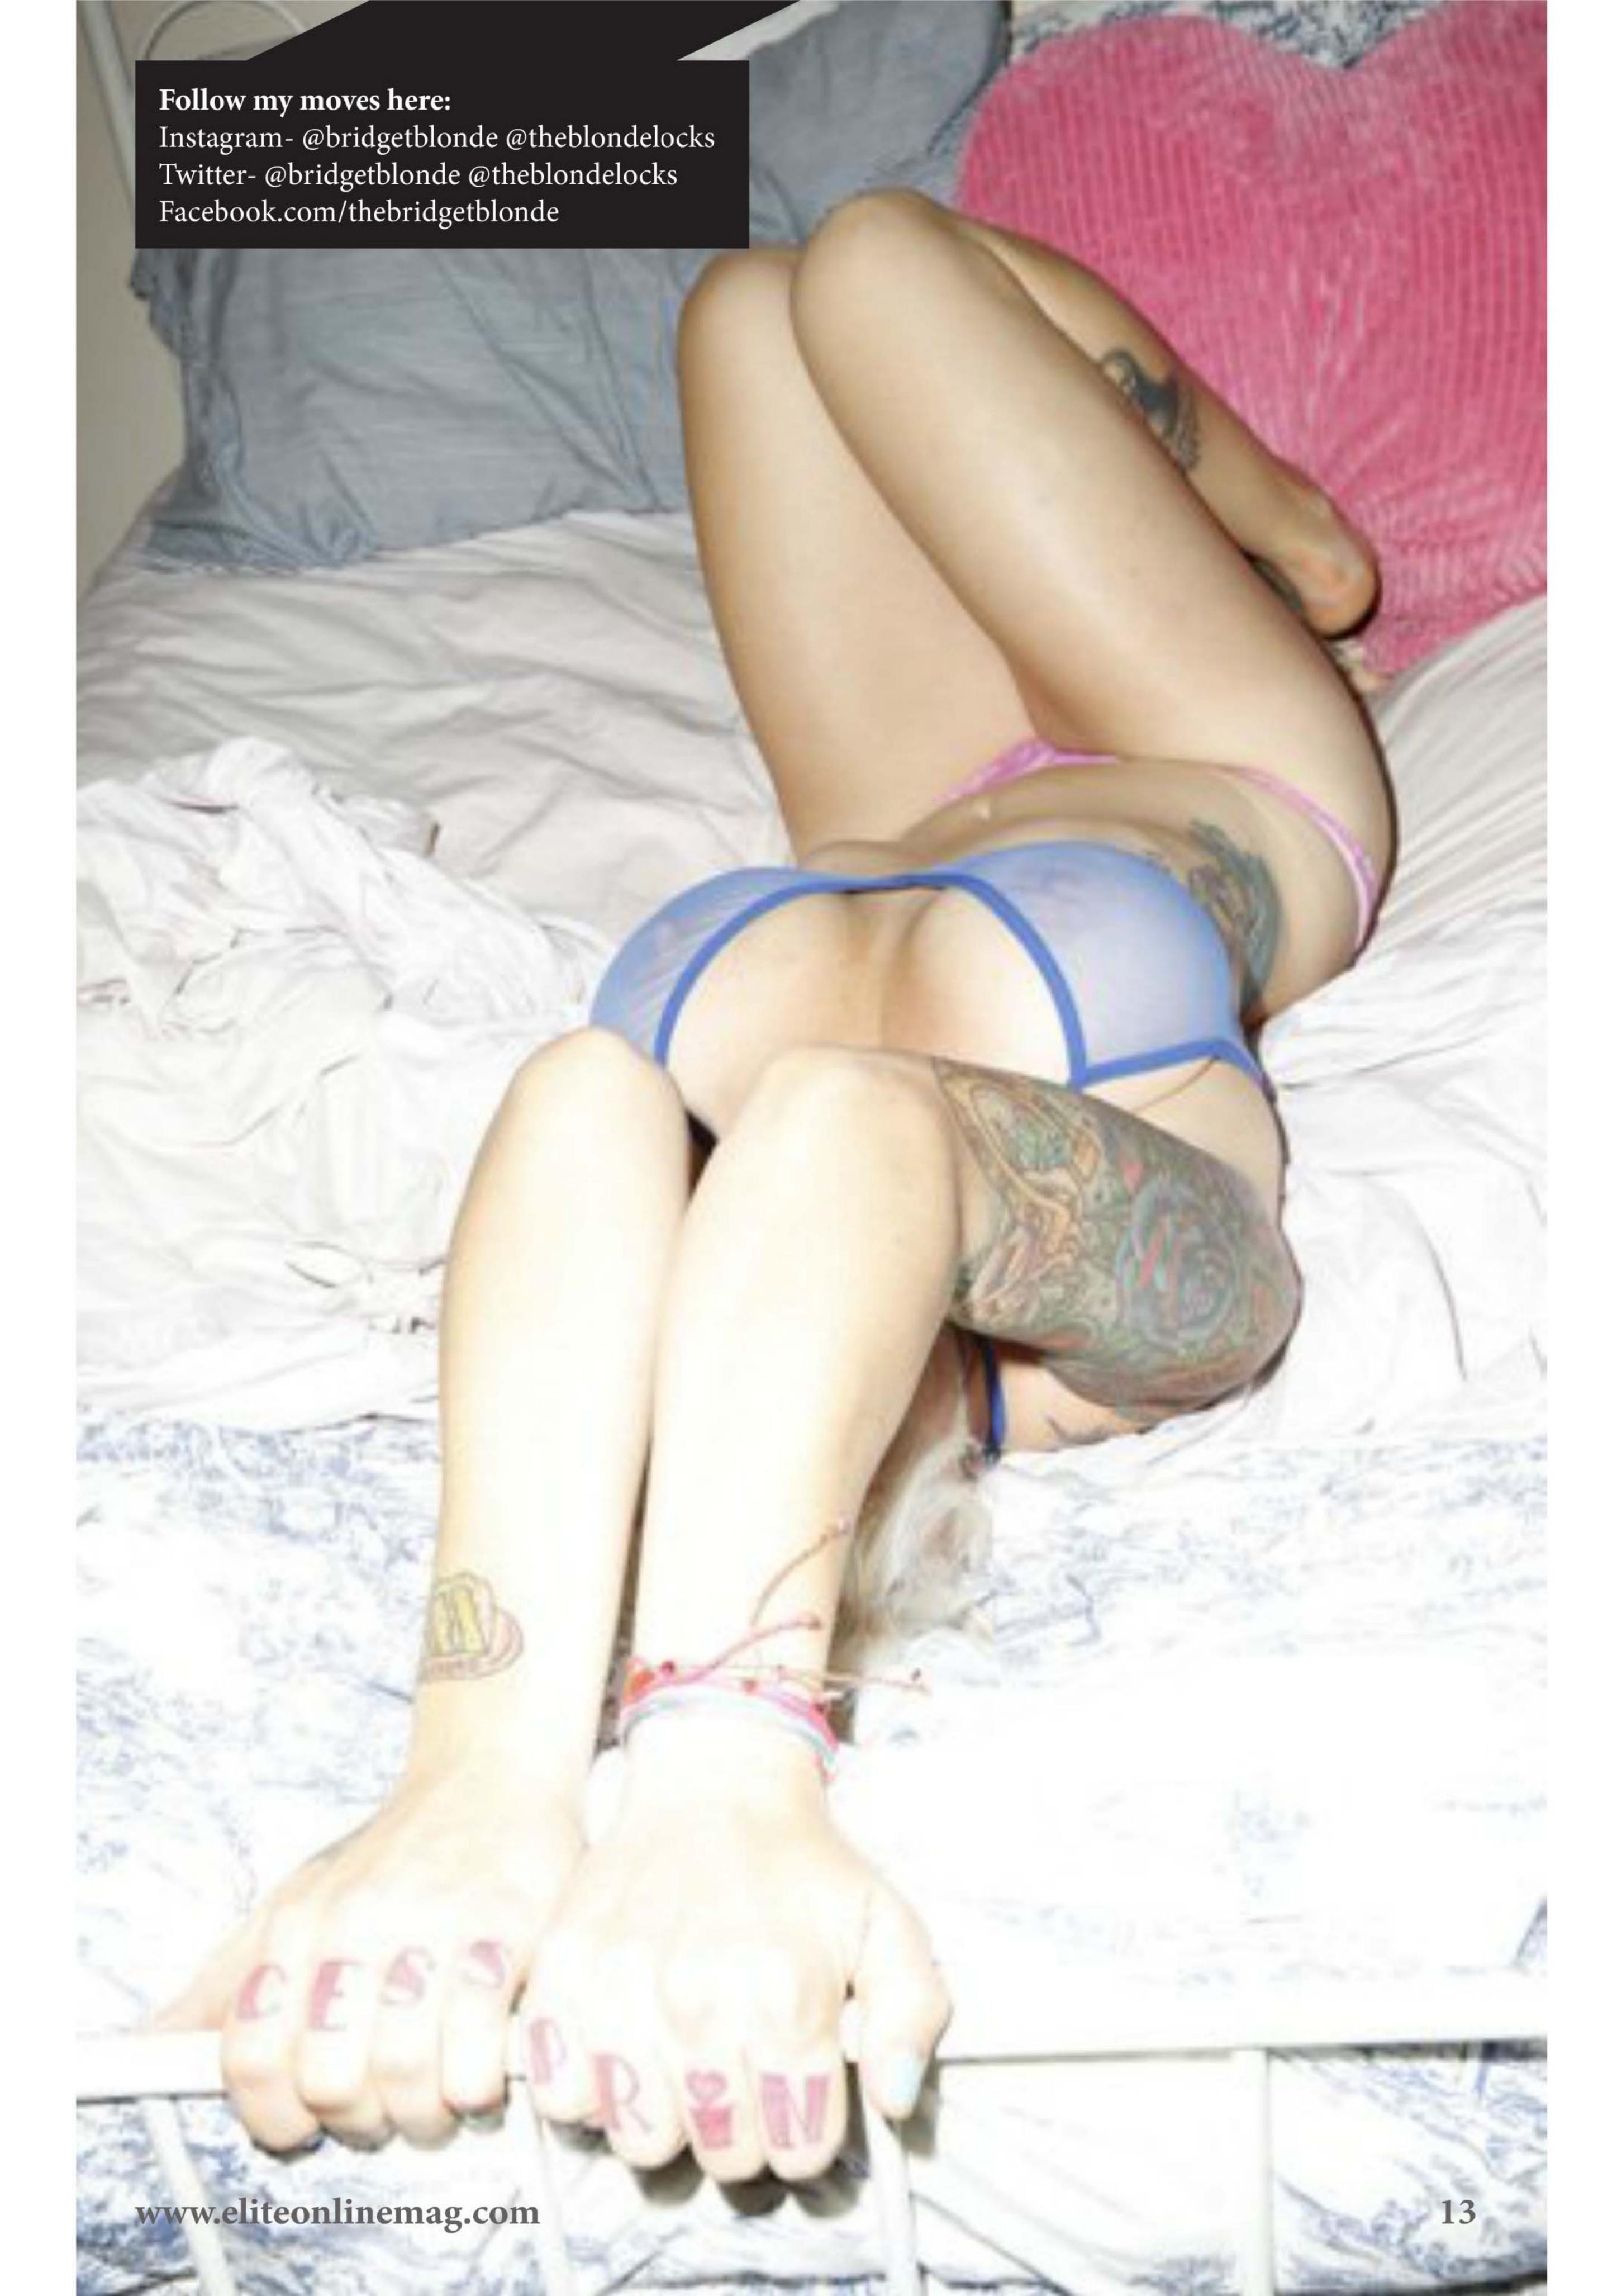

If you could pick one celebrity to put on a stranded island to never be seen again, who would it be? Am I on the stranded island with him? If so....its a toss up between Will Smith or Chris Hemsworth.

What's your favourite rude word? WHATEVER (insert eye roll here).

WWW.LIQUORNPOKER.CO.UK

Hey Ann! How does it feel to be in Elite? Pretty good! The shoot was so so fun, you guys are crazy!

What is your best feature? I'm pretty body confident and I'm proud to be curvy! My dad's Spanish so I inherited the booty... I can't really choose between that and my boobs haha! They both contribute to the curves!

On your twitter account there is plenty of photos of you with your boobs out, I'm guessing your pretty proud of them? They're my twins and I look after them well! Boob massages the lot! I mainly post sneak peeks from photo shoots so you should probably follow me. (@anndenisewilson)

#### DO YOU GIVE YOURSELF A BOOB MASSAGE OR IS IT SOME OTHER LUCKY SOD? I DO IT MYSELF I DON'T TRUST ANYONE ELSE WITH THOSE BAD BOYS!

So I guess you are a fan of texting or tweeting sexy pics? I'm not a sex texter, I don't get these girls that send out pictures of their vaginas to Tom, Dick and Harry. You have to be a special guy to get sexy pictures from me!

Do you get a lot of creepy guys talking to your cleavage instead of your face?

I think most girls are used to that, aren't they? I don't think you even have to have massive tits for that to happen, men are pervy creatures! But if they weren't there wouldn't be many glamour models in the world which would be boringgggg!

What's the worst chat up line you have heard? I've had a guy follow me down the street freestyle rapping to me about how fit he thinks my bum is. It was just a bit cringe.

What do you look for in a man?

Not a rapper! Haha! Someone with ambition and respect for women. And please, please don't think that flashing cash impresses girls, well not the kind of girls you actually want to know anyway! Buy me some chips and sit in the park with me and you'll get so much further.

Any celebrity crushes? Channing
Tatum because he looks good rough
and looks good in a suit! He's a real
man not a little girl like Justin Bieber.
Girls fancy him, don't they? I don't get
that.

So if I were to get you a drink what would you ask for? A bloody mary! People always say 'what the hell are you drinking' and I'm like 'your boyfriend's blood' haha! No I don't really but I do love them! I was so hung over once and had to go for a meal, that was the first time I tried one and it saved my life!

WHAT'S A GOOD NIGHT OUT IN MANCHESTER? A HOUSE PARTY AT MINE! I'M SO OVER CLUBS THERE'S TOO MANY RULES! "DON'T JUMP ON THE SOFA"...
"DON'T GET YOUR BOOBS OUT" BORING!

So do you usually get them out? No, only at a party or in a hot tub!

Photographer: Graeme Allon

Do you stop for a kebab or pizza on the way home? A curry! I love Indian food so much it's the best! Can anyone show me how to cook a spicy Korma? Yes, a spicy Korma!

Have you been on holiday this year? I went to Ibiza for my birthday in June, came home after a week of partying and booked to go back two days later! And I'm going back in September, I can't stay away! It's just such a happy place and you can go to a club in a bikini, what's not to like!

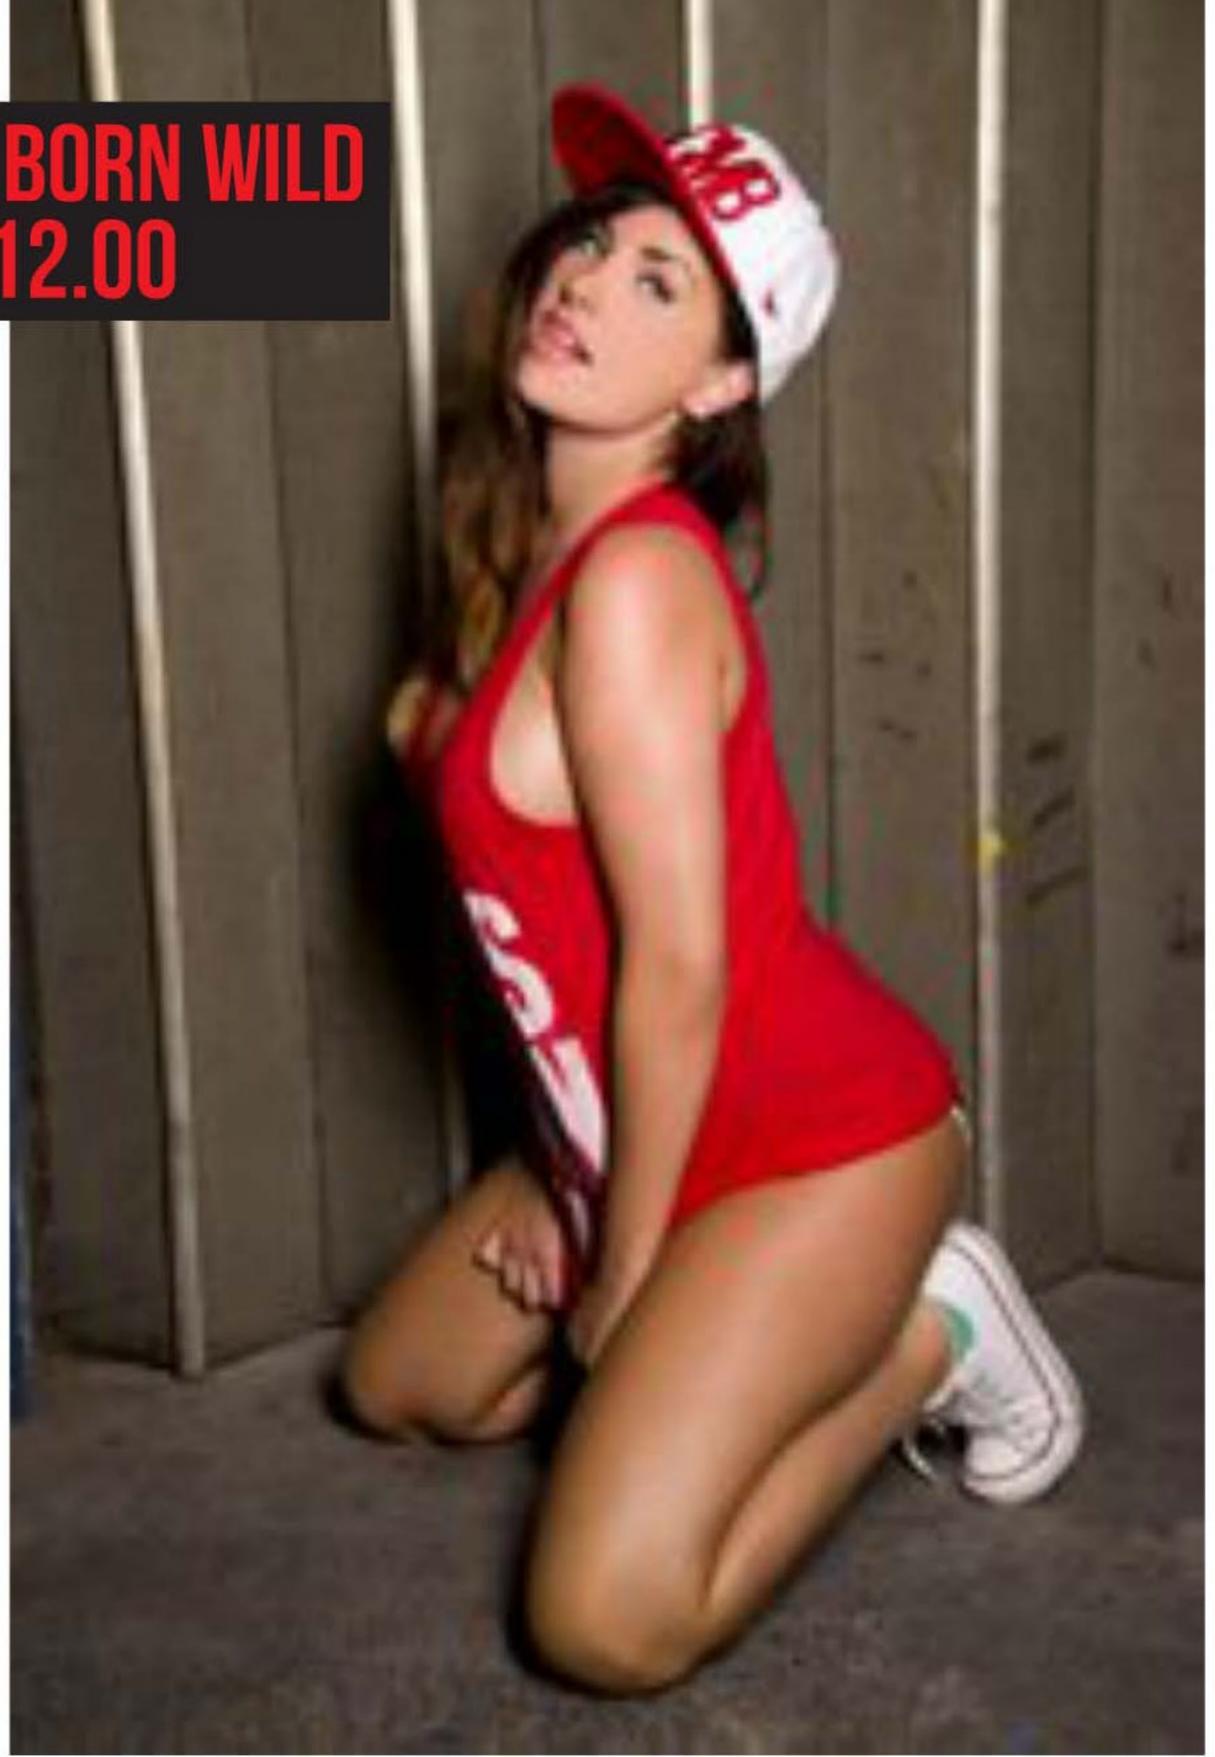

What's best sunbathing naked or skinny dipping? Skinny dipping looks like chilly business. And I'd be scared there'd be bugs in there that I couldn't see. Sunbathing naked is a must, my neighbours always have a perve but who wants tan lines?

#### Top 5 Holiday tunes?

- 1. David Guetta Play Hard
- 2. Robin Thicke Blurred Lines
- 3. Icona Pop I Love It

- 5. Lana Del Ray Blue Jeans

## DEKKER PHOTOGRAPHY

Location: Reading, Berkshire

Website: www.facebook.com/DekkerPhotography

Tell us how you got started: I always loved travel photography but eventually found myself wanting to shoot when I was home too. I had a couple of friends ask me to take photos of them and it was so great to see their reactions to the results, I was hooked. Fast forward several years and hundreds of thousands of utterly shite photos, I've taught myself how to take a pretty decent shot or two!

How long have you been a photographer? About 4 years or so.

How would you describe your style? Fun! I try and keep most things simple and spend a long time building rapport and getting to know the models before we head into the studio. My technical style is constantly evolving though. I think all photographers get bored of their own work very quickly, so I do try and evolve my work every couple of months or so.

What equipment do you use? I'm a Canon man, with my trusty EOS7D and a 24-105mm f4L or 50mm f1.4 lens. I tend to use a really simple 2-light setup; although I've branched out recently with an Elinchron ECO Ringflash too.

Who are your inspirations? I take inspiration from a lot of people. I love the personality that Terry

Richardson gets out of his subjects, the vibrance of David LaChapelle or Nick Knight or the sheer sex appeal of Helmut Newton's work. That all said, most of my inspiration these days comes from my 'peers' and other photographers I talk to or quietly stalk on Facebook/Twitter/Instagram. Guys like Adam Robertson and Walnutwax do some truly outstanding work!

#### Do you have any advice for aspiring models?

Firstly, look at pictures that inspire you and ask yourself if you could pull it off. Be honest! Modelling is an unbelievably brave thing to do and I've nothing but respect for the girls that do it. Next, get yourself a basic profile on one of the modelling websites and start putting out castings calls. Talk to other models on Facebook and elsewhere to discover the good photographers to work with. Finally, stick to your guns, watch your safety and act professionally... then take over the world. Simples!

#### What are your thoughts on digital manipulation?

I'm always torn on this one. I've no problem with photographers manipulating an image to make it look better. That said, it does upset me when models ask me to nip/tuck them or they're worried they look fat. Beauty doesn't come from Photoshop.

The Girl Who Can Make Gaming Look Sexy

Hey Hollie! We are glad to finally have you in the magazine! Tell us, what have you been up to? Hey guys! A little of this, a little of that. I've just moved into my new apartment so I've been a busy bunny.

So how does it feel to be in the Elite? Amazing! I like that each girl is unique and we all bring something a little different.

What's your favourite part of summer? Ah! Far too many to choose! I'm gonna go with sunbathing and cocktails.

So we love the pics that you have done for us! What do you think is your best feature? Hmm I'm gonna go with my eyes, they change colour you know?

So, is Sparrow your real name? Yes it is;)

What was your favourite part of the shoot? Bantering! Haha I'm a bit of a joker and I love trading stories!

Outside of modelling, do you have any other passions? Yes! I love gaming - Zelda and Pokemon are definitely my favourite. I also love cooking!

So how can a guy impress you?

A guy can impress me by having a cute smile, lots of banter and is into playing video games.

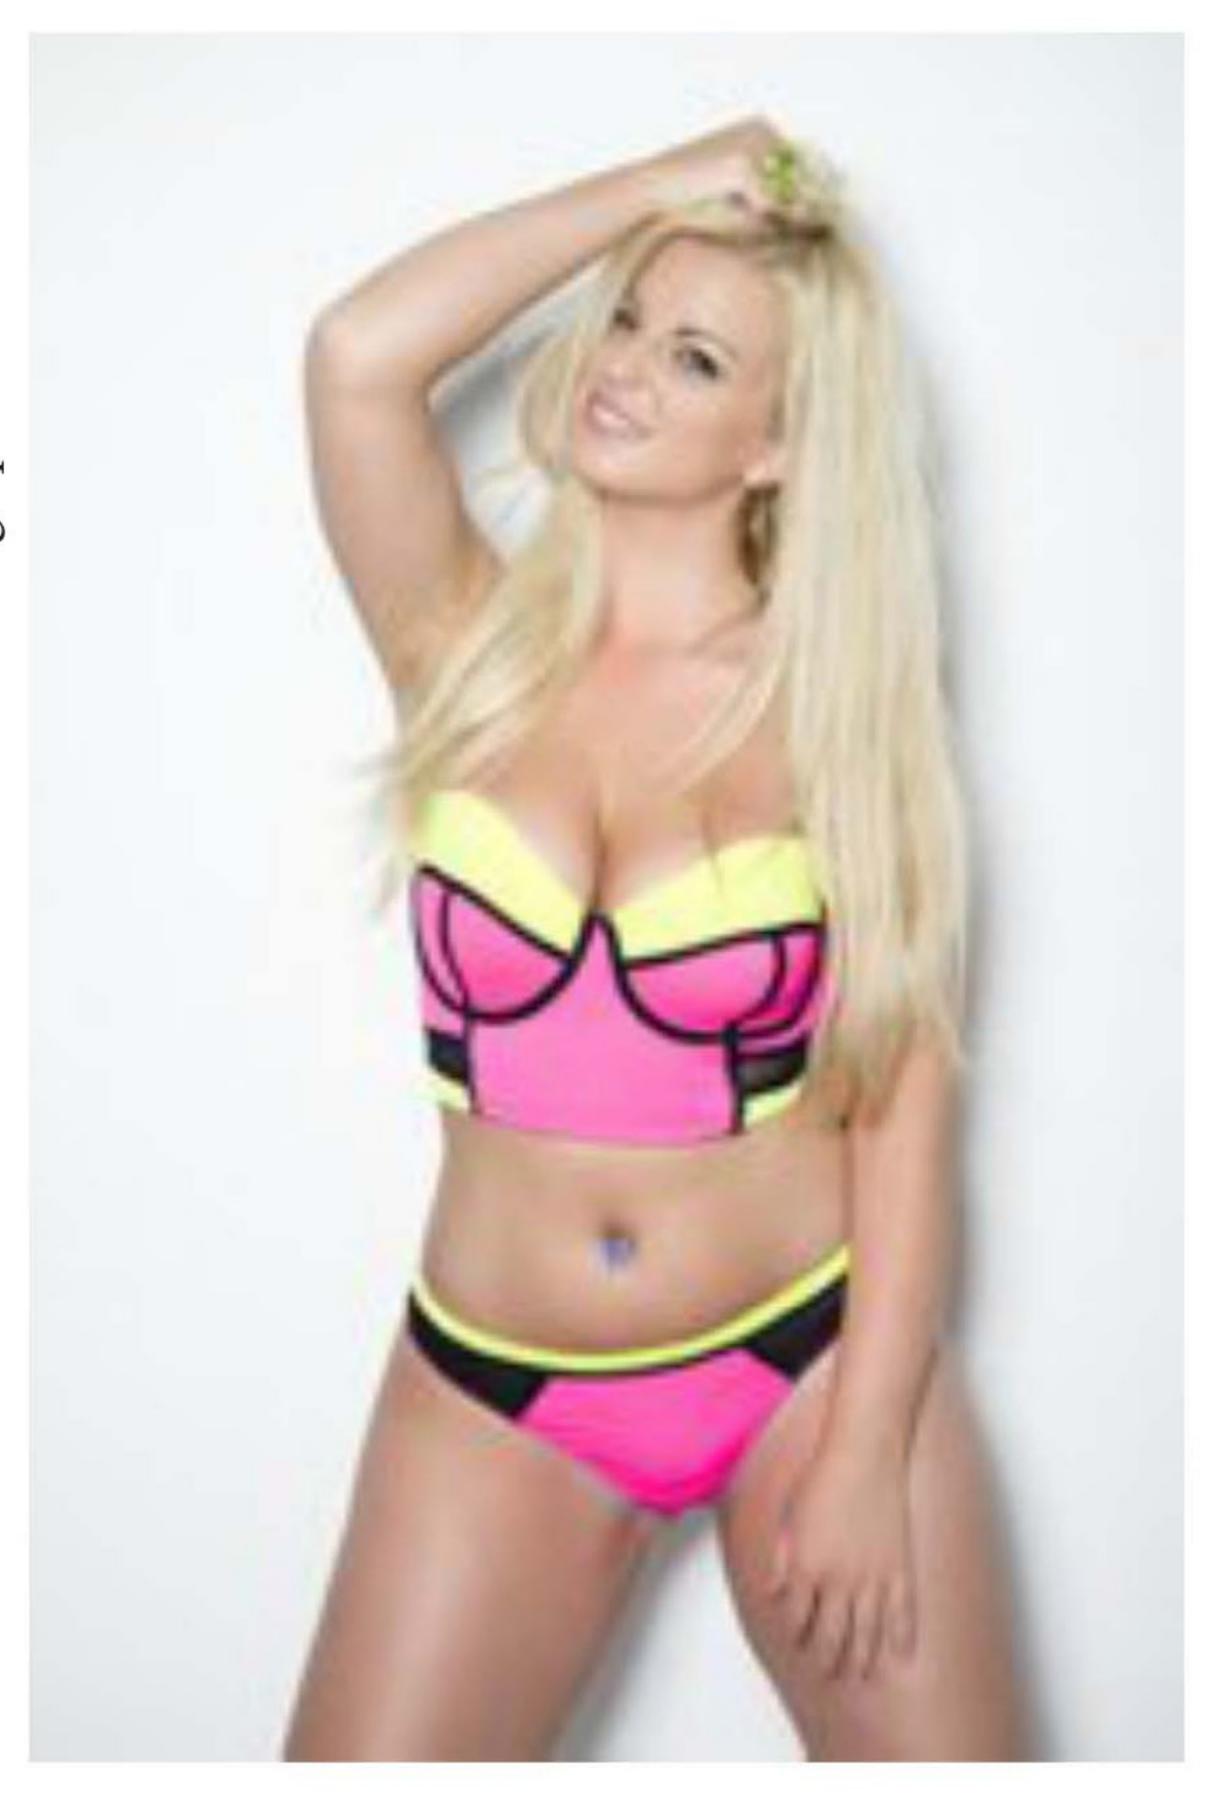

What is the naughtiest thing you do? As well as modelling, I work as a daytime TV presenter - so that's very naughty!

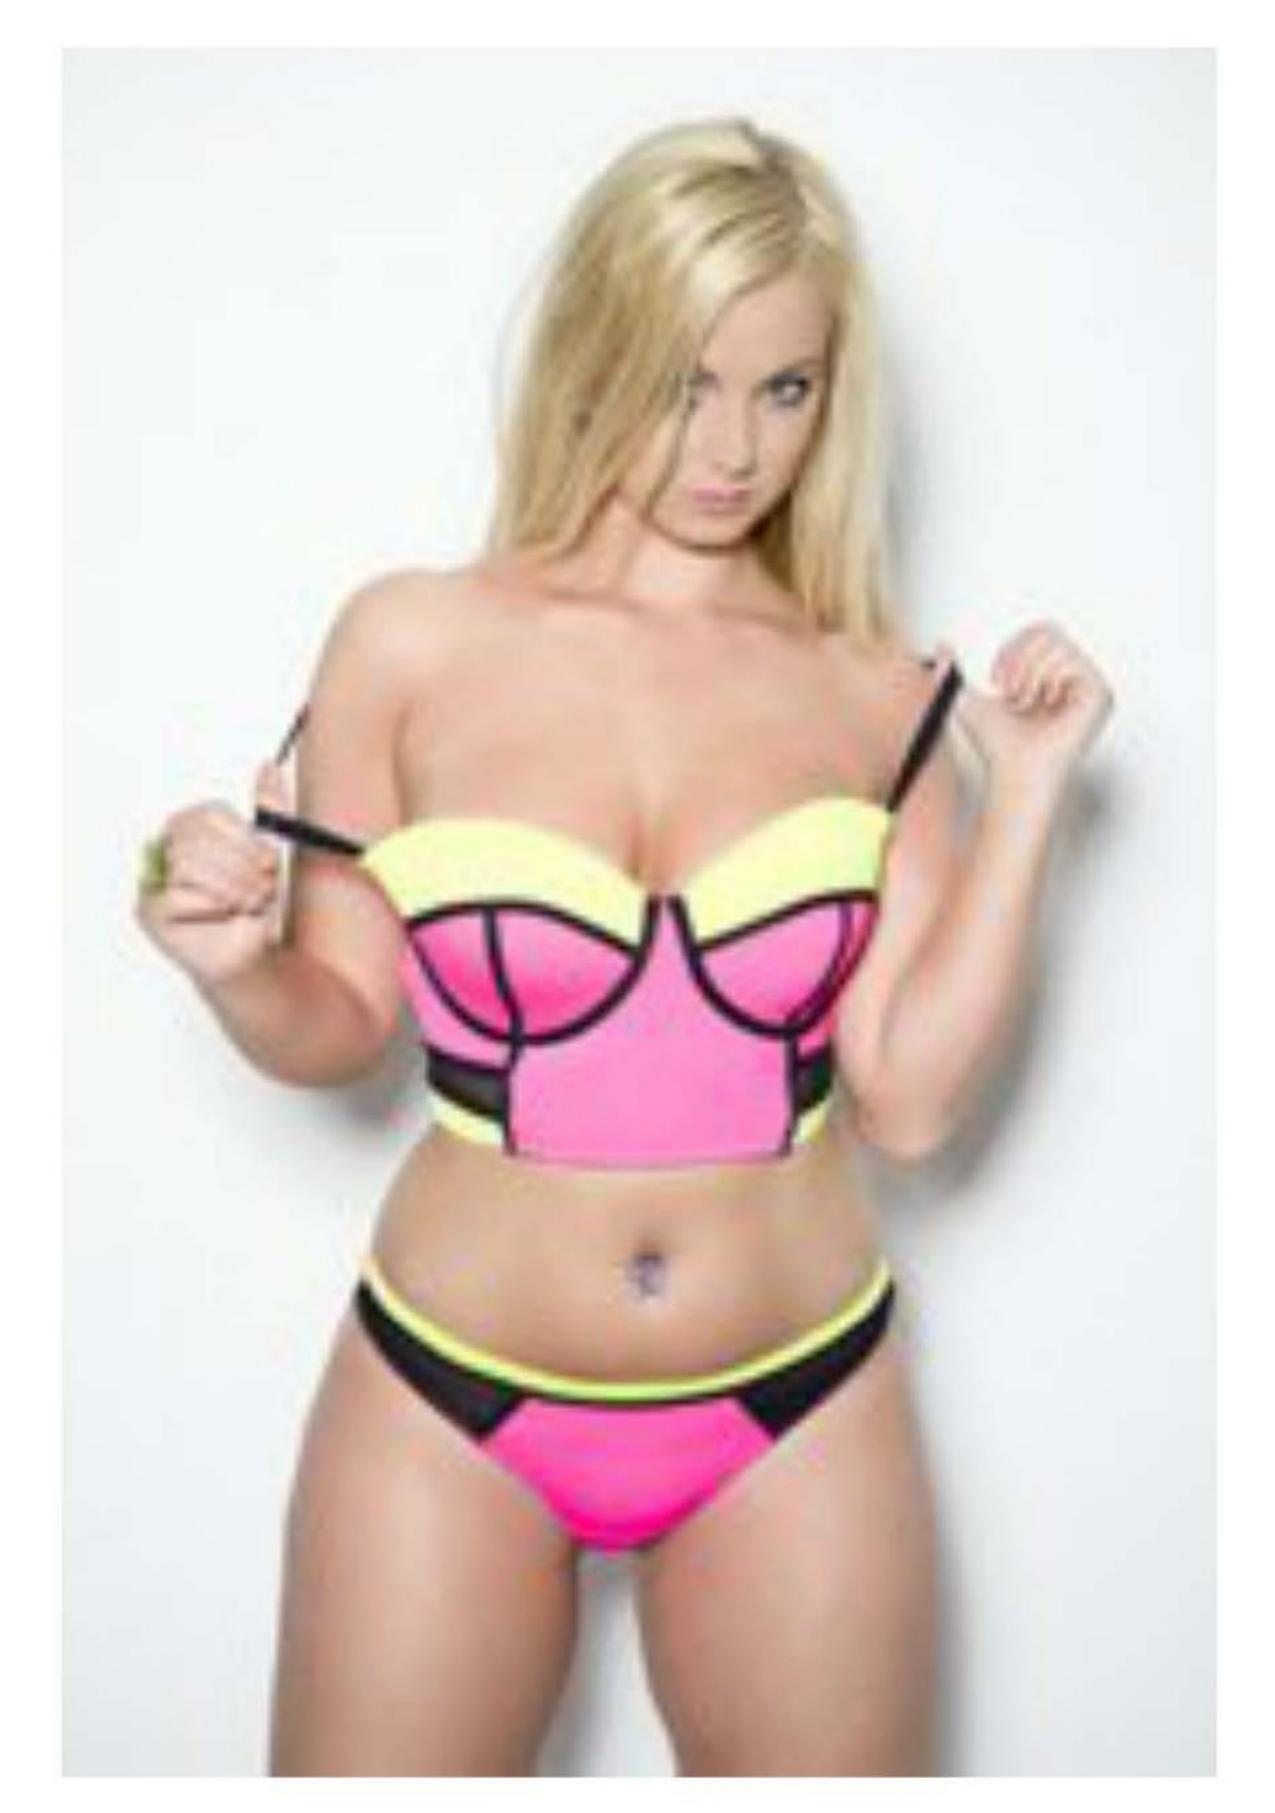

Do you like to go to festivals? I haven't been to one yet! But I'd love to go.

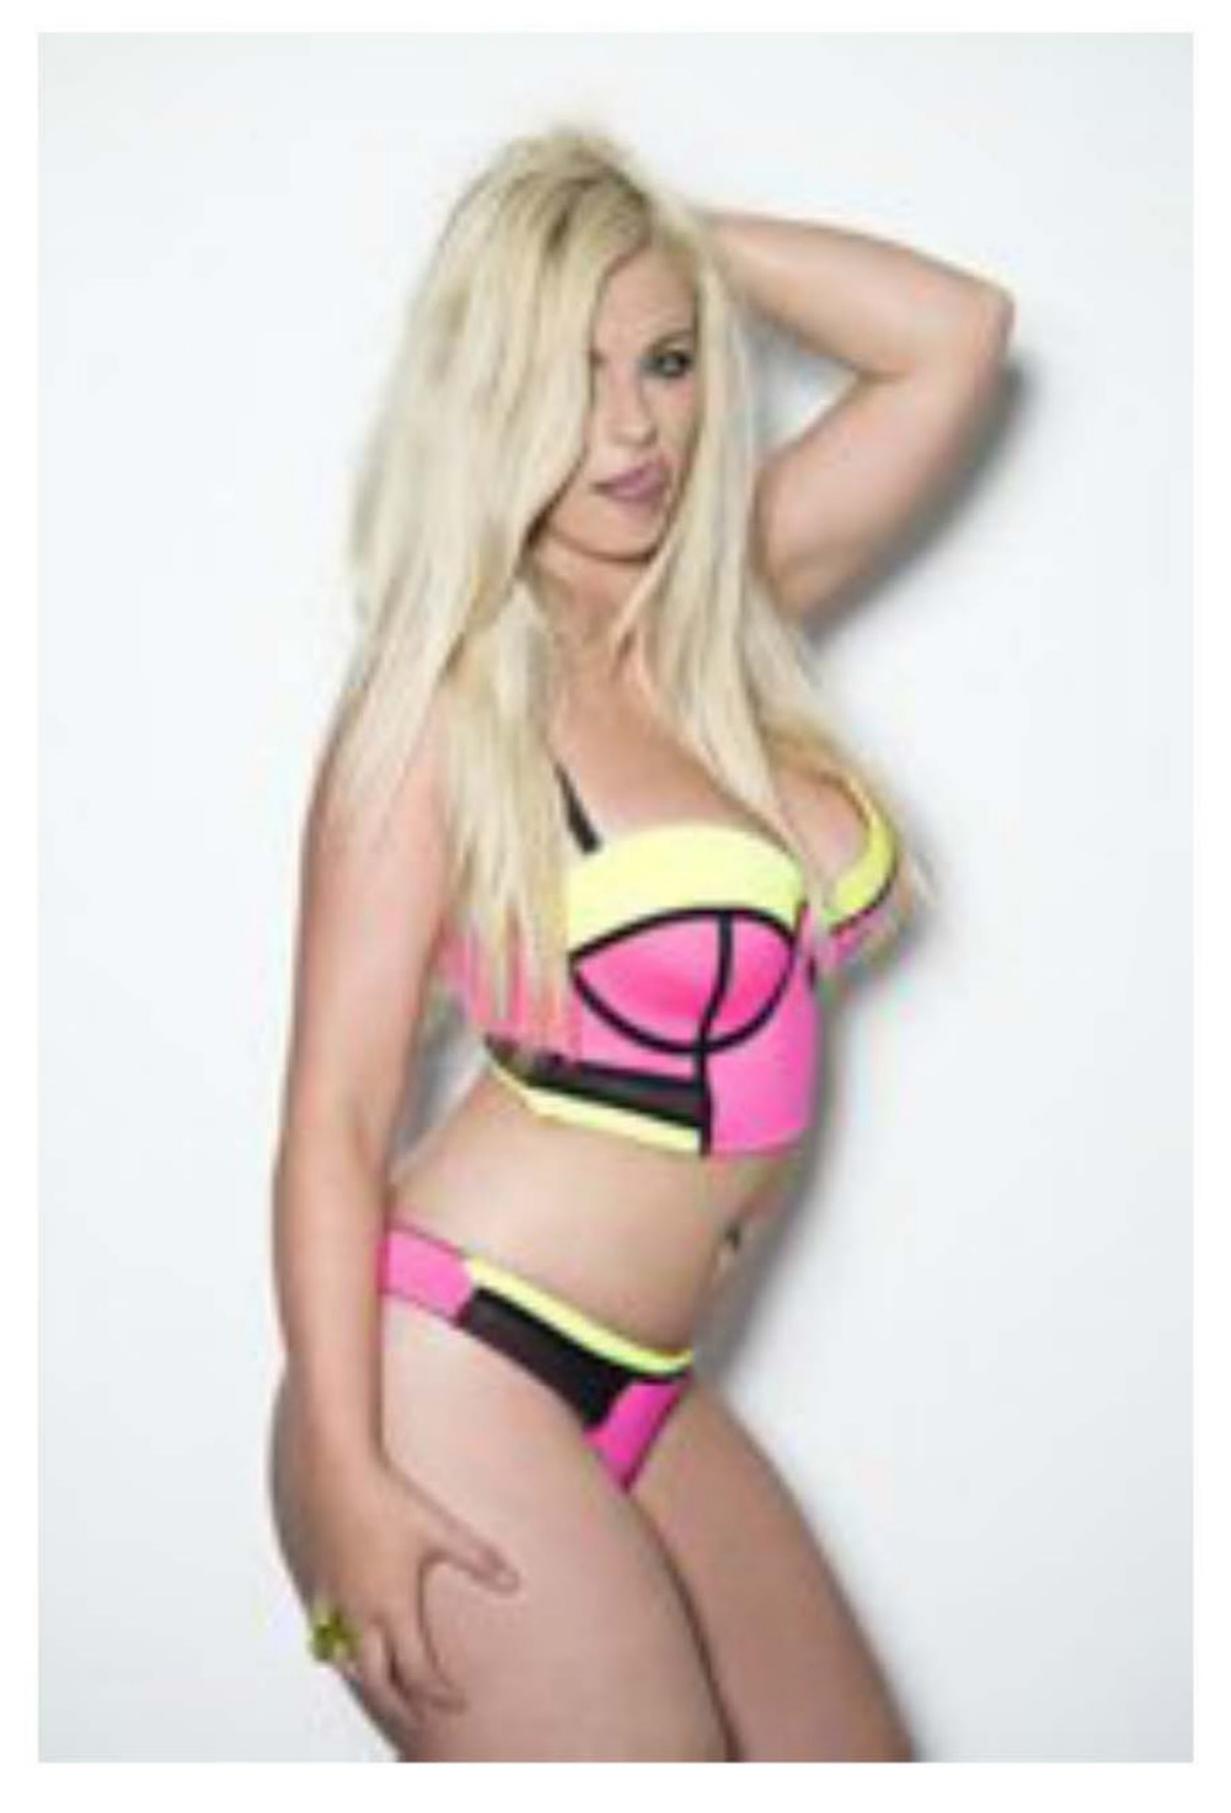

So do you reckon Summer time or Christmas time is better? Summer time all the way!

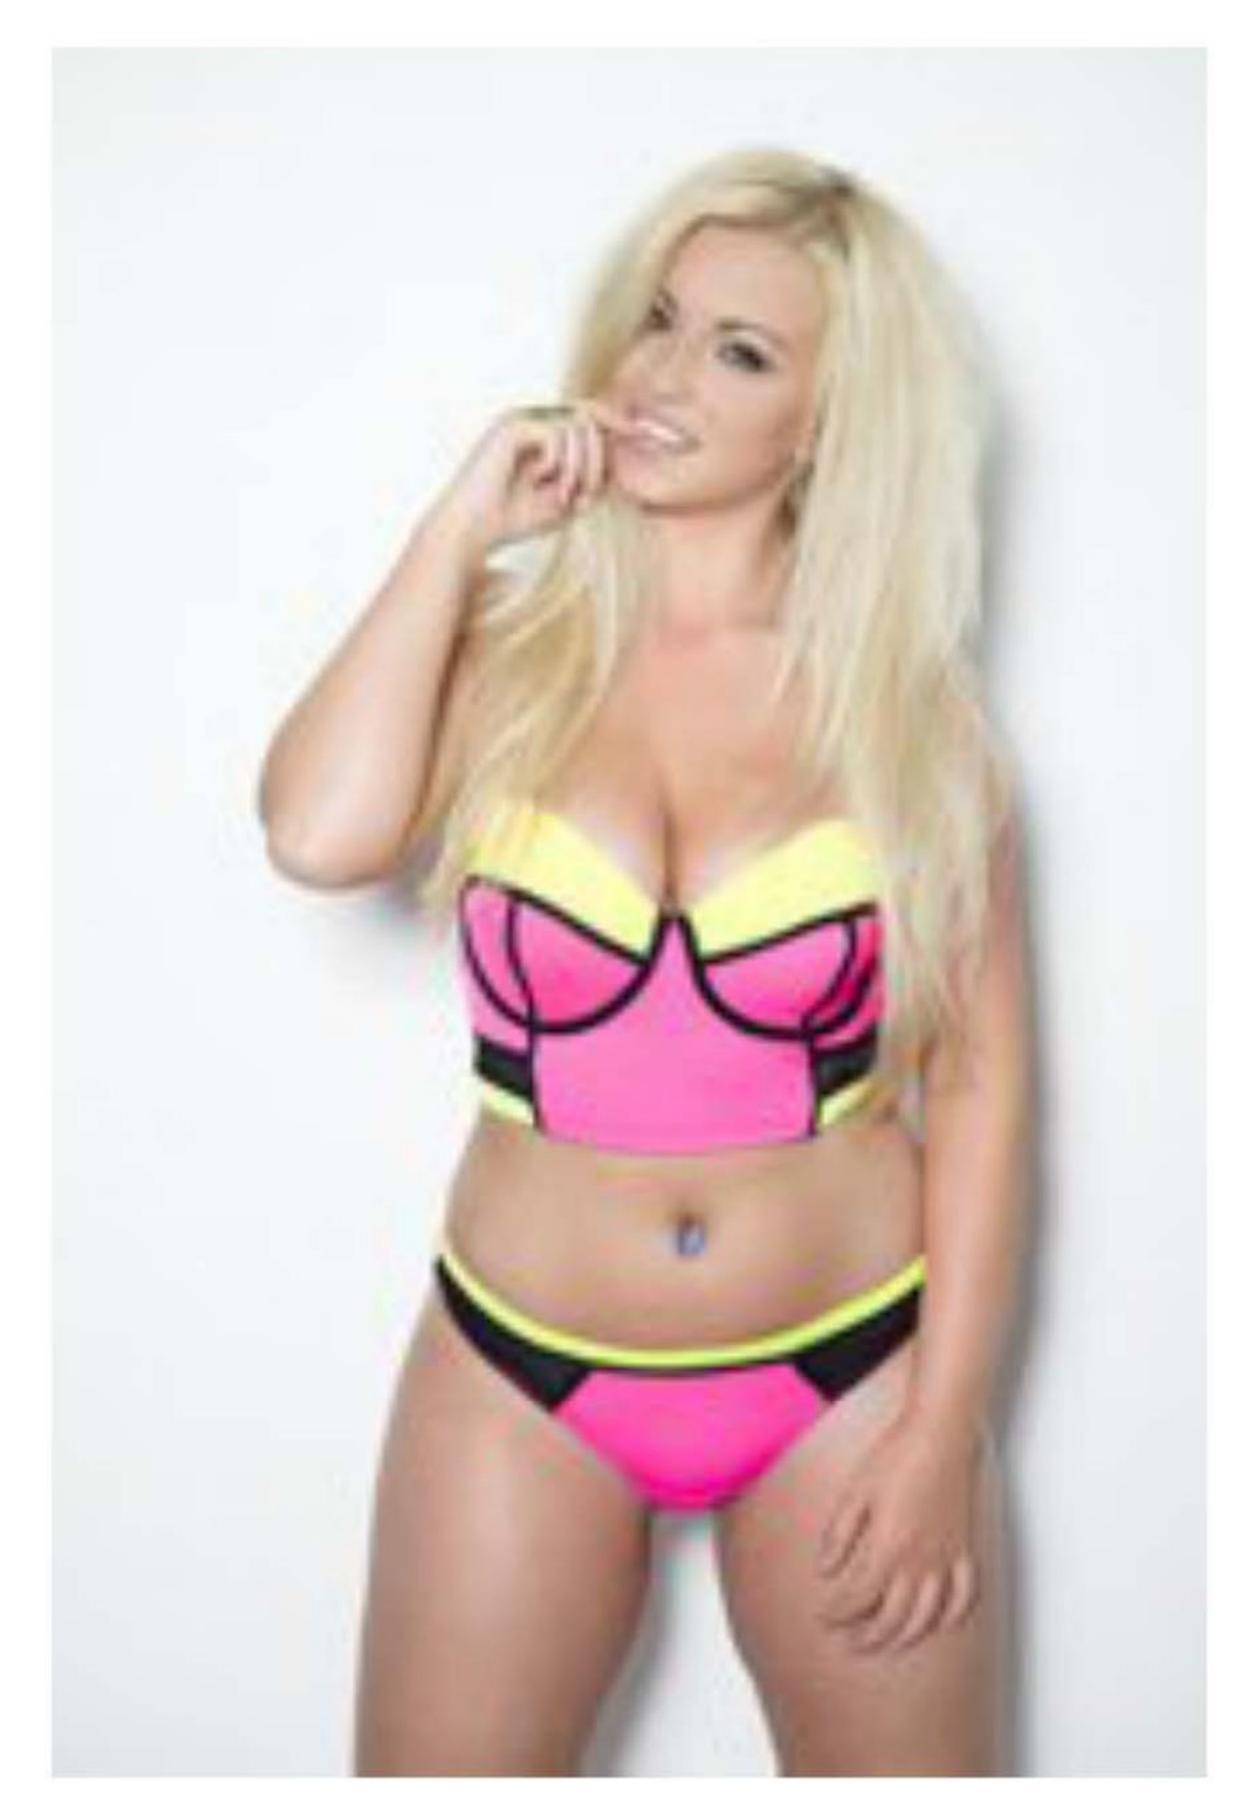

Photographer: Graeme Allon

What is more liberating - skinny dipping or sunbathing naked?
Skinny dipping! There's something liberating about running into the sea naked.

Any tips on any guys trying to have a summer romance? Play it cool, be fun and have lots of drinks haha.

WHO WOULD YOU MOST LIKE TO KISS IN THE WORLD, RIGHT NOW? HENRY CAVILL WHO PLAYS SUPERMAN IN MAN OF STEEL -HE'S AMAZING!

Do plenty boys ask you for smooch when you are on a night out? I have a fair few...

What's the cheesiest chat up line you have heard? A guy grabbed my hand and said 'feel my shirt, do you know what that is? It's boyfriend material' haha I cringed.

What can a guy do to get you attention and impress you? Just be real. It's refreshing to have someone not pretending to be something they're not:)

Any last words? Thank you for having me and I'll catch you on the flipside!

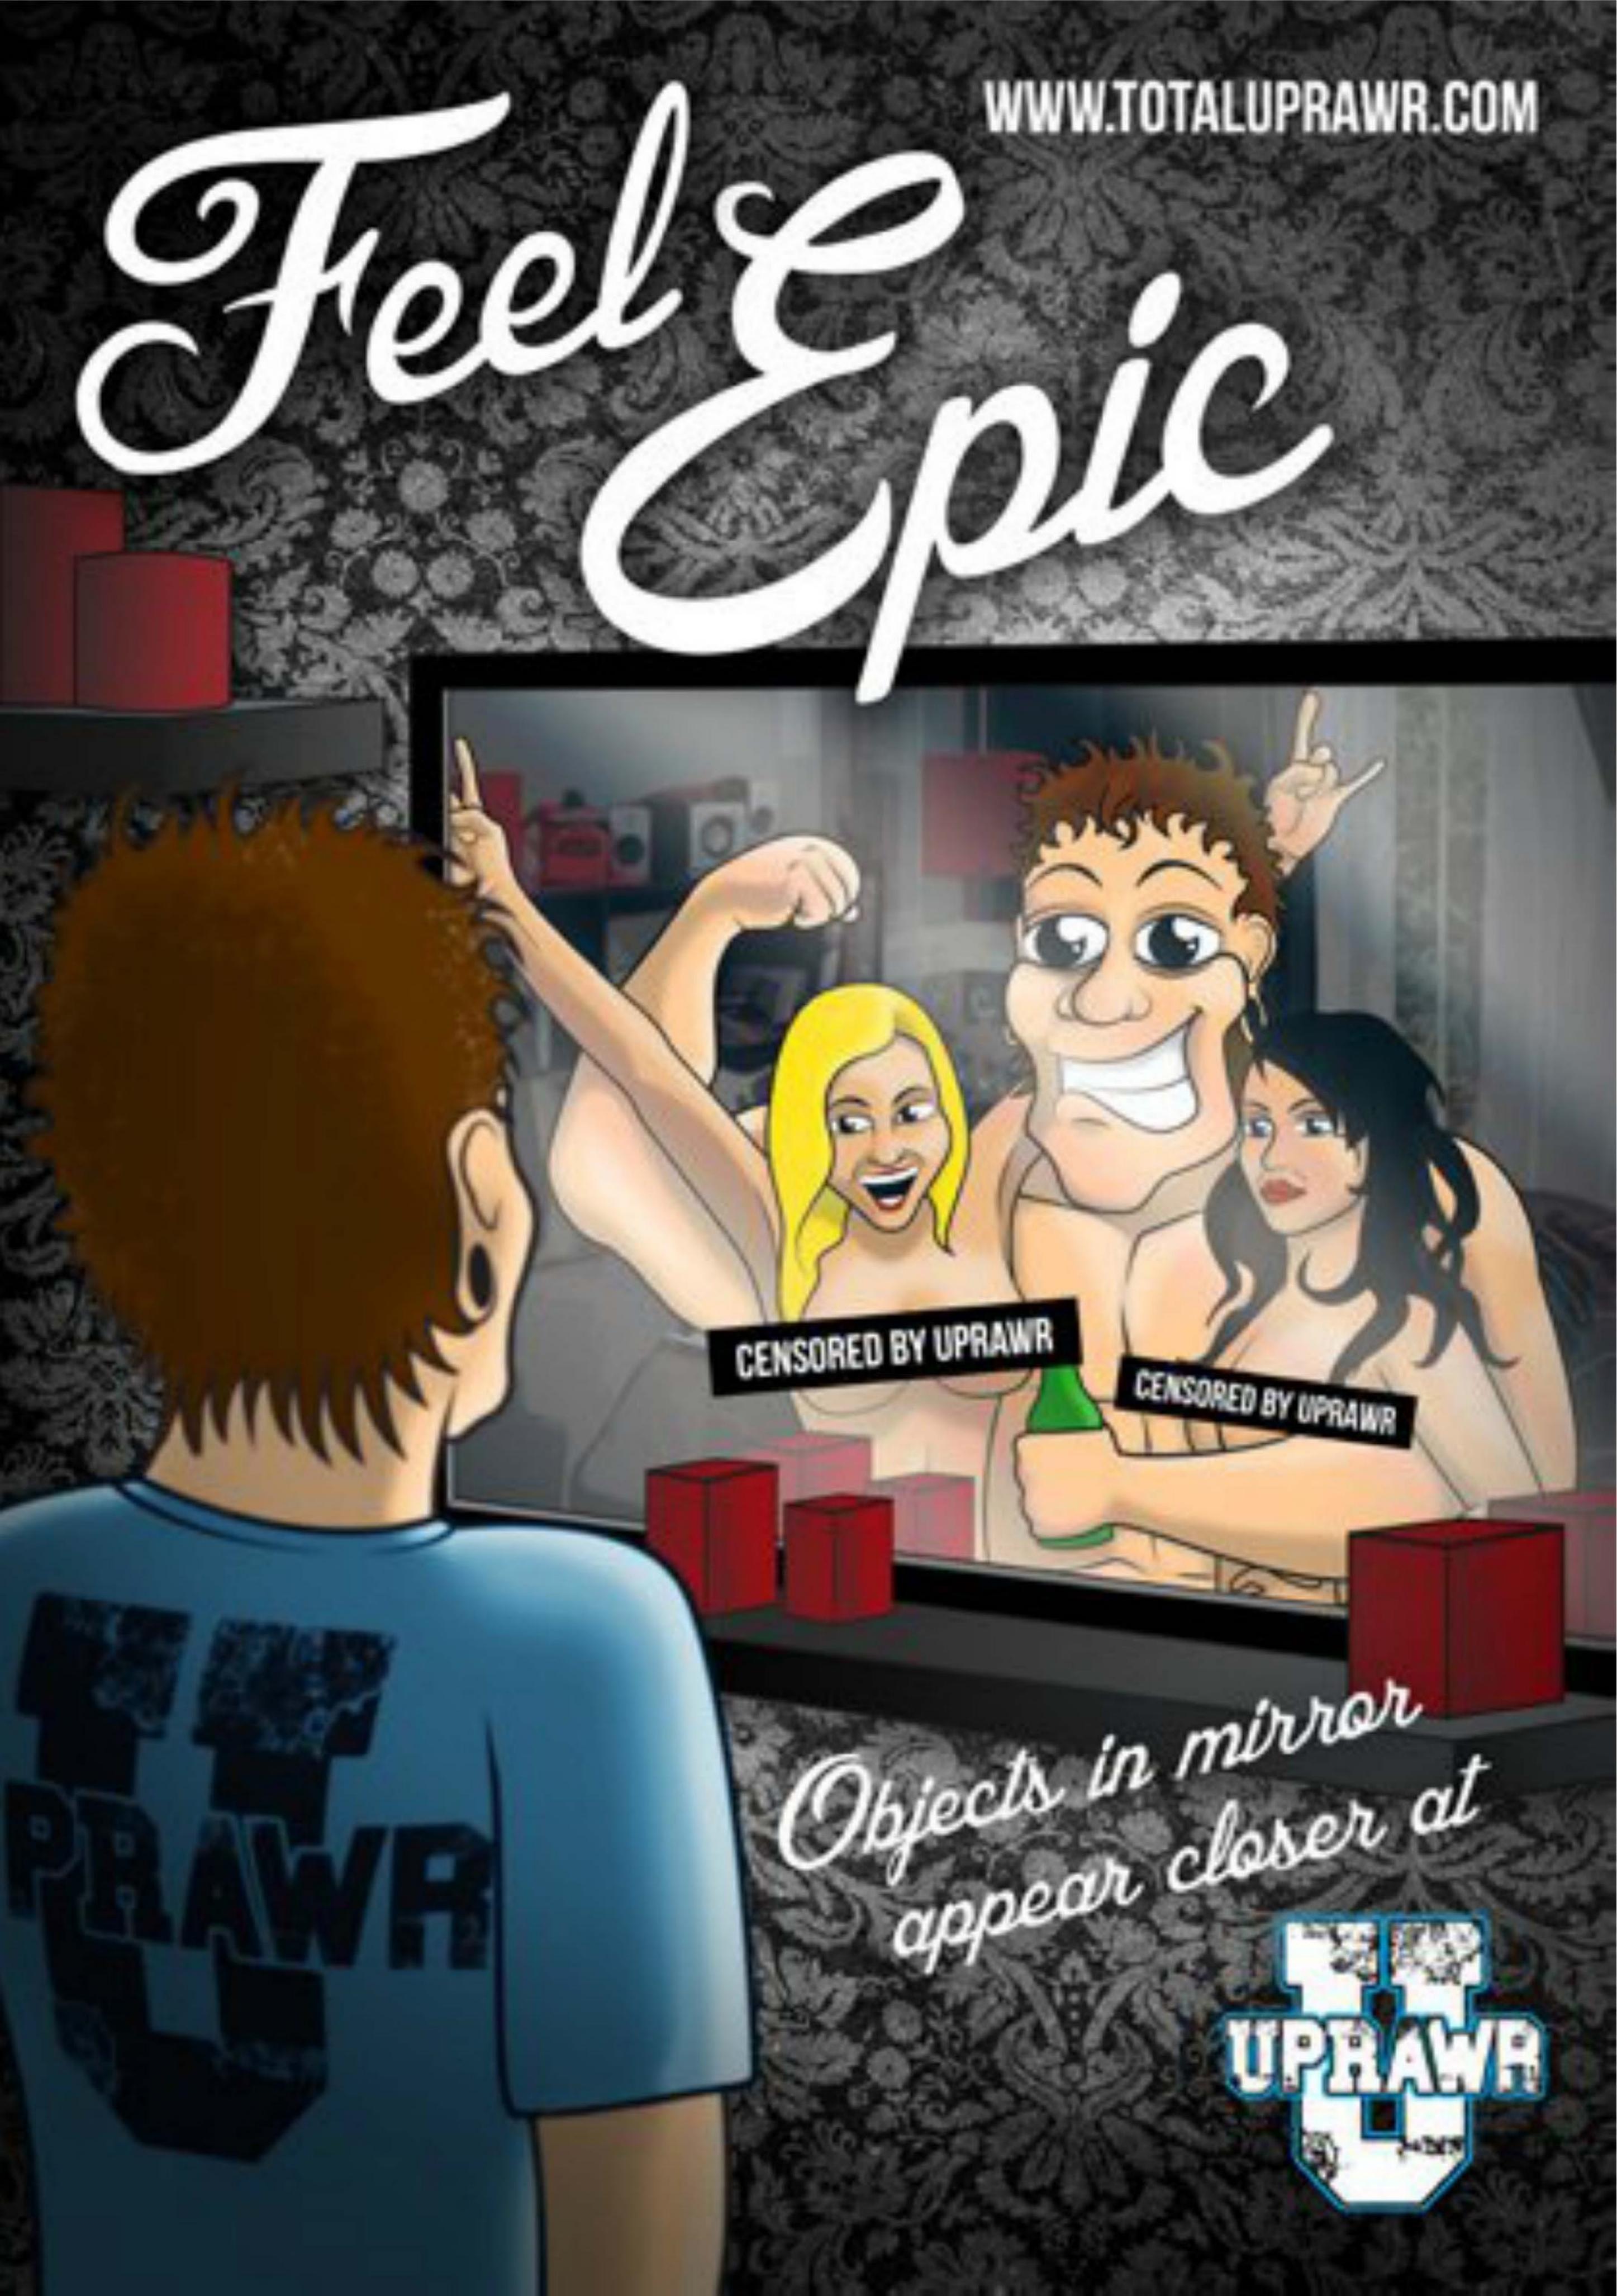

## HOTTEST GEEK EVER!

Hi Nina, did you enjoy your shoot with Elite? I had a blast.
Awesome outfits, great people, and conversations, in between doing what I do best. I can't complain.

How does it feel to be on the cover of the 'Geek Special'? Almost every girl dreams to be a cover girl, so obviously it's an amazing feeling. I like to say a huge thank you for all the support I have had over the years from my die-hard fans and of course team Elite!

Do you class yourself as a geek?
Hell yes, queen of the geeks here.
Funny how being a geek suddenly became an 'in' thing, I wish I could've told my 13-14 year old self that! I just want to say to all the teenage boys out there, 'you know that geeky girl in your class, with braces and frizzy hair, one good word of advice, treat them well, because most likely puberty will hit and they will turn into smoking hot chicks, and girls you can thank me later' haha!

Who is the fittest superhero, or villain? It's probably a tie between Iron Man and Wolverine.. I just can't resist bad boys I suppose.

What kind of movies do you like? I love horror films, any kind even really cheesy, cliché ones, I love all the paranormal stuff and of course zombies. They are so misunderstood!

So what do you like so much about horror? I couldn't really tell you, it's the movies that I find the most interesting.

Is this where the name 'Terror' comes from? No, actually Terror was a nickname that my best friend gave me back in the day, because I was such a nightmare on nights out! I didn't know or care about my limits when it came to alcohol. I have since learnt how to party hard but with some class and dignity without turning into a hot mess!

Are you a keen gamer? I was, I don't have as much time anymore for gaming, unfortunately.

What was your favourite game?

I would have to say Borderland games, and modern warfare. I love my first person shooters.

Borderlands just has an awesome storyline as well, and graphics are to die for. Another awesome one is Lollipop Chainsaw; it's just an awesome girl game. It's all you could wish for in a game, a hot cheerleader bouncing about in skimpy outfit, killing zombies with a chainsaw and it's also full of cheesy hilarious one-liners, what's not to love.

Kimberley Purton

## THE DOPE INKED GODDESS

Hi Kimberley, how are you today? I'm good thanks! It's evening here, I've just finished tattooing a Marilyn Monroe portrait, so pretty tired!

Where are you from? I'm from Christchurch, in little old New Zealand.

How does it feel to be part of Elite? Awesome! So stoked to be amongst all the babes on here.

What made you become a model?

Hmm I wouldn't say anything
in particular did, it really all just
happened by chance. I decided to say
yes to the offers I was getting and it all
took off from there!

So who do you look up to in the world of modelling? I'm a big fan of all the alternative models out there, it's cool to celebrate each individual's own beauty. No one in particular; I admire all the pretty ladies who have put themselves out there and made names for themselves.

Photographer: Phil Bailey

Tell us how you got started in tattooing: I've always been into drawing and art, I was an art nerd at high school haha. I did some study in fine arts after I finished high school and started getting tattooed. That sparked my interest in it and approached my local tattoo studio about getting some work experience - I had no idea if I could do it or not. One thing lead to another and I got an apprenticeship. It wasn't the easiest thing but I worked hard and eventually moved on to bigger and better studios. It's always a progression in tattooing, you're always learning new things and trying to progress and get get better.

What is your favourite tattoo? My favourite is usually the most recent one I get haha! I love my neck and the little broken heart on my face. It's tiny but I just love it. I used to draw it on to the faces of the girls I drew, so I guess it's become kind of sentimental to me in a funny way.

Are you a bit of a geek at all? I guess you could say so. I love documentaries and researching random things, I can do it for hours. I have a big fascination with serial killers and I love the crime channel!

What makes a good night out, great? The people! Definitely. I'm not a huge one for going out, but when you're in good company it makes the world of difference. Doesn't matter where you are or what you're doing it'll always be a great time.

Do you prefer clubs or gigs? Not into clubs! So gigs. Not that I have had time to go out for a long time!

What do you usually drink on a night out? Vodka. Vodka and anything haha.

Do you stop for some junk food on the way home? If I've been drinking then hell yeah haha late night missions are great.

What kind of man do you go for? The wrong kind usually haha. Usually rugged and tattooed of course. I like guys who are smart and can make me laugh.

Do you have a celebrity crush? Crushin' on Johnny Depp forever.

Boobs or bum? Ass for sure.

What is your best feature? I like my eyes, or my lips.

What's the most embarrassing thing that has happened to you in public? I'm so clumsy! Shit happens all the time haha. Probably anything that I've done involving sports. I can't do them. Me attempting any kind of sport is embarrassing! I slid down the bowling alley once in front of everyone. That was horrible haha. Plus I have to wear the kid's bowling shoes as my feet are too small for adults, shame haha.

What movie do you watch when you're ill? The movie Crybaby always makes me feel better, it's so cheesy it's great.

What food could you eat for the rest of your life? Thai food is the best!

Any advice for upcoming models reading this? Just do you because that's what you do best. Be confident in your choices and go for what you want.

Photographer: Phil Bailey

## Steph Marie Photographer: Graeme Allon

Hi Steph, how was your shoot for Elite? My shoot with Elite was amazing. Had such a fun day, none stop giggles!

What would you say is your best feature? Oh, My best feature, I would say, is my eyes. I like them because they are blue on the outside and green towards the middle.

You seem to be known for your booty, do you do many squats? Hehe! I'm pretty blessed with my round butt. Squats aren't for me I never have the time, although a tip I walk almost everywhere which is good for the thighs and booty!

You also seem to be into your fashion, describe a typical Steph outfit. A typical 'Steph outfit' would most definitely include at least one bit of leopard print, you name it I have it! I also love high waist pencil skirts, with maybe my favourite Slipknot tee and leather jacket.

How should men dress these days? Men should dress like men! None of these low cut v neck t-shirts, or vests. Give me a guy in a fresh tee and some nice fitting jeans, vans and that's perfect.

What kind of guys do you go for? I do like a guy with tattoos, a bit quirky but really someone who can make me laugh and keep up with my sarcasm is a winner!

Any celebrity crushes? Tom Hardy, without a doubt!

How are you spending this awesome summer? I'm planning on spending my summer with my beautiful best friends, few wild nights out in Birmingham and Leeds Festival hopefully.

Who are you you looking forward to seeing at Leeds Festival? Looking forward to Chase and Status, and System Of A Down! Love them!

www.eliteonlinemag.com

Any Festival tips? Festival tips would be, don't lose your tent like I did at Creamfields! And take plenty of babywipes and booze.

Ok.....You are pretty keen on your tattoos, what are your favourites? Oh I love them all. Derek who does my tattoos is amazing so it's too hard to chose. I'm planning on getting a few more maybe a full sleeve.

## Finally, what are you top 5 summer tunes:

- 1. Blind faith -Chase and Status
- 2. Waiting All Night -Rudimental
- 3. Could This Be Real Sub Focus
- 4. Labyrinth Let The Sunshine
- 5. Tinie Tempa Pass Out

www.eliteonlinemag.com

WHO DO YOU LOOK UP TO AS A MODEL? MY MODEL IDOL IS ADRIANNA LIMA (VICTORIA SECRETS MODEL) SHE IS PERFECT IN MY EYES, A BRAZILIAN BEAUTY!

Do you prefer gigs or clubs? Hmm I think I prefer gigs more than clubs, they're more social and relaxed. I'm not one to go clubbing every weekend. I would rather jet-ski or something like that.

What's your favourite drink on a night out? I love to drink fruity ciders or cocktails, anything fruity really! I have a bad habit of mixing every drink possible when I go out. I get a bit carried away!

Photographer: Graeme Allon

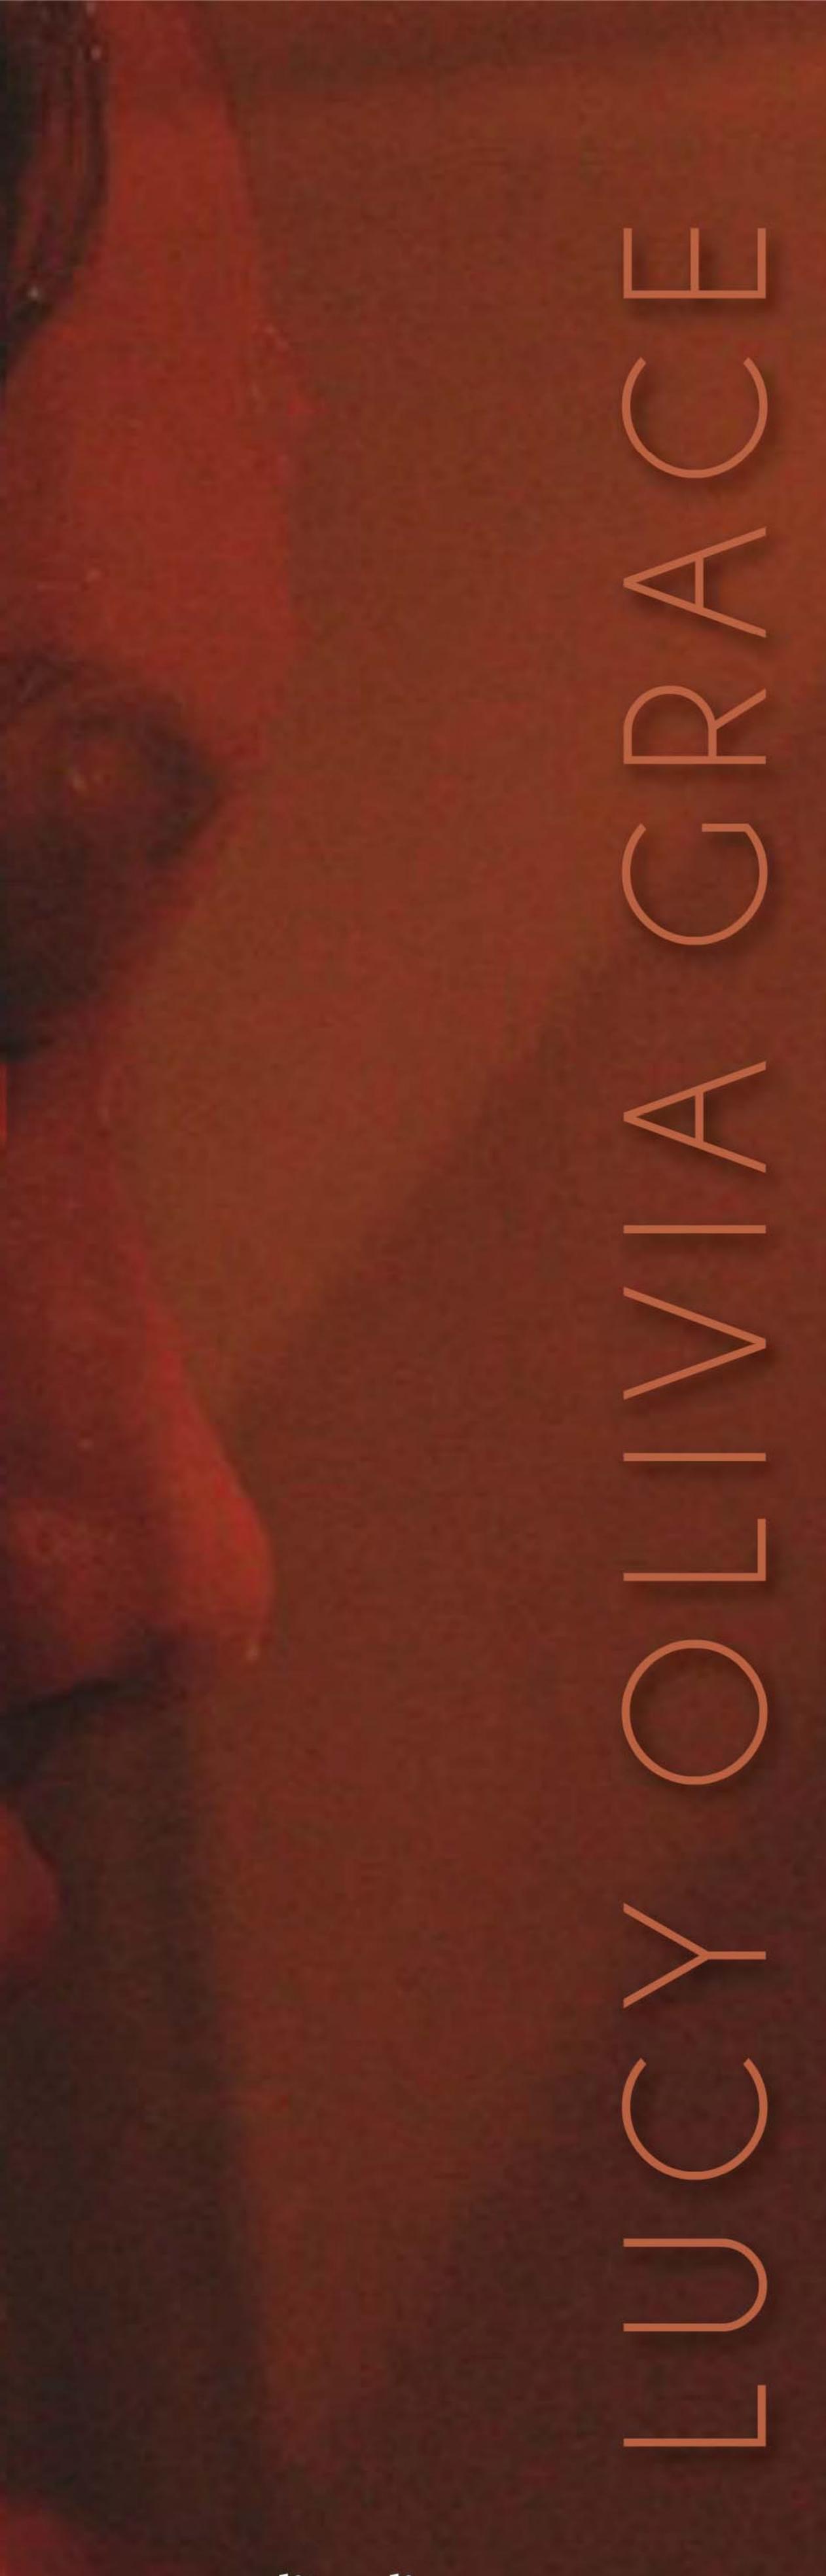

What's the weirdest thing you have done on a night out? When I was younger, I was a bit wilder. I've been in a few boots of cars to get into places, friends also used to put me in a bath after a night out to try and sort me out, of course I thought it was hilarious and would just slide up n' down the bath naked!

YOU HAVE A FEW TATTOOS, WHAT ARE YOUR FAVOURITES? YES I HAVE A FEW! I LOVE THE TATTOOS ON MY FEET THE MOST, ESPECIALLY MY LEFT FOOT AS IT HAS A VERY SPECIAL MEANING TO ME. NOT SURE IF I WILL GET MORE THOUGH! GIRLS DO LOOK HOT WITH TATTS BUT I DON'T WANT TO GET TOO CARRIED AWAY.

Any advice for upcoming models? Just have fun! The more relaxed about it you are, the better you feel in shoots, also beware of people trying to lead you a stray! Tough skin and a sense of humour and you will be alright!

Let me introduce to you a face that you will be seeing much more of from now on, so get familiar! A mum, a model, a singer/songwriter, a designer, a creative... the list goes on...

Hi Lucy, how are you?

Tired, but never better, thank you.

How was your shoot with Elite?

Well, I must admit I kind of forced it upon our lovely Fraser. Won't deny it – I love that we've now got so much planned together!

What would you say is your best feature?

Physically? I could never be the judge of that. But otherwise, I'd say my attitude.

Any celebrity crushes?

A few, actually... Matt Heley (The 1975) has the most unusually attractive face/voice I've ever seen... and Gerard Butler - well, however old he gets, I would never, ever deny that man.

A little bird tells me your into your art and making things, what does this involve?

Ummm, everything I guess. I love illustrating, painting, sewing... Just messing about with my geeky little hobbies. I like to play around with textiles to recycle old stuff and I'm also a massive card-making paper geek.

You are also into your singing and writing, who are your influences?

I wouldn't say I have influences as such, as it tends to just be self expression – but I must admit it was Amy Lee's music that unleashed my passion for singing, so I have her to thank for that. Anything and everything just inspires me!

Do you go to many gigs? (which was the best one?)

Gigs? You're joking right? I'm a mother now haha – nights out are very few and far between! Last gig was We Are Fiction at the sweat lounge in our hometown – and I was celebrating my birthday! Check 'em out if you're not in on them... mega talented bunch. My favourite ever gig was probably Panic! when I was about 13... I don't even care, they were great.

Also you are known for your strong opinions, what REALLY grinds your gears?

Haha, am I really? I wont burden Fraser with extending this feature by a further 20 pages, so I wont list ALL of the things that really piss me off... But generally they're all due to our own fucking race and tiny minds! At the moment my most hated things are inconsideration of others and rudeness - There's just NO need! (And if anyone just thought "that's me" - please realign your brain, dude.)

What do you do to relax?

I did a course of hypnotherapy when I was pregnant and use the techniques I learned most nights when I lay to sleep – It's now almost automatic, such a brilliant thing to learn ladies! Other than that, going out on my bike with some music tends to do the job.

What do you drink on a night out?

Malibu and lemonade or Disoronno on ice, sometimes peach schnapps. I'm not a big drinker though, really - but when I go out to dance with my ladies I like to make the most of it!

What's your favourite take away?

There's the best ever Indian nearby and seriously, I can murder that stuff. It's so fresh and they can make pretty much any combo you like. Although I am most DEFINITELY a pizza girl – Dominos is like a key to my soul.

Who do you look up to as a model?

I don't have one in particular – though I believe Alysha Nett is one of the sexiest women on this planet! Along with Angelina Jolie and a handful of others, but that's just the closet lesbian in me. I get most inspiration from other images and stuff rather than other models, I think.

You have a very popular Tumblr page, what's the weirdest 'anon' question you have received?

Ugh, I turned that off ages ago after an outburst of hate mail. I don't do anon anything. What's the point? I stopped using tumblr for ages after that.

What's next for Lucy Olivia Grace?

A number of musical ventures as well as seriously kicking my model work up the ass. I've taken a long time out to make the most of baby B and to lose the baby weight naturally, and my most recent work has given me the shove I need. Plus loads more! Gonna be one busy busy busy mama!

Finally, your top 5 inspirational songs:

5 of many in no order:

- 1. He Can Only Hold Her Amy Winehouse
- 2. Broken Amy Lee & Seether
- 3. Ironic Alanis Morisette
- 4. Daydreams Adele
- 5. New Shoes Paolo Nutini

Oh My, It's The Sweet Ass Rocker

Marjun Wraae

Photographer: Graeme Allon

Hi Marjun, how are you? I'm pretty good thanks!

How does it feel to be in Elite Online? Feels mighty fine.

Apart from looking awesome 24/7 you also sing and write songs, what are your main influences? I'd say my vocal inspiration would have to be Janis Joplin, I can't sing like her but I sure wish I could. If I could play like Hendrix that'd be pretty cool.

Would you like to perform as a career? Yeah that'd be amazing, hopefully I'll be able to do that someday

WHO DO YOU
THINK IS THE
HOTTEST
MUSICIAN? JIM
MORRISON,
HE IS JUST
THE MOST
BEAUTIFUL
MAN. IF HE WAS
ALIVE, I'D BE ON
THAT SHIT.

What type do you usually go for? Interesting guys. Ones that can intrigue and surprise me daily. I also like dark hair, tattoos and piercings haha!

Does it help if a guy can play an instrument? It sure does. Now I think about it, I've never actually been with a guy who doesn't play an instrument.

What's your favourite thing to eat? I make a god damn good mac and cheese!

So do you prefer gigs or night clubs? It depends on the music and the clubs but I do enjoy both. I would much prefer seeing an awesome band than going to a shitty club though.

What is the best gig you have been to? I couldn't choose to be honest, although Iron Maiden and the Australian Pink Floyd [tribute band] were both awesome!

Do you enjoy festivals? I love festivals. My favourite one is the Eden festival. Definitely the most chilled and psychedelic festival I've been to. I also go to a few festivals in Faroe, such as the G! Festival and the summer festival. Always good to see some Faroese talent.

You also work for club, as a mascot, what does this involve?

Just getting lots of funny pictures taken with folk and shoot people in the mouth with a water-gun filled with booze haha it's messy.

What do you usually drink on a night out? I used to drink vodka and red bull all night, took me ages to realise why I'd feel so shit the next day. I like strawberry and lime cider now.

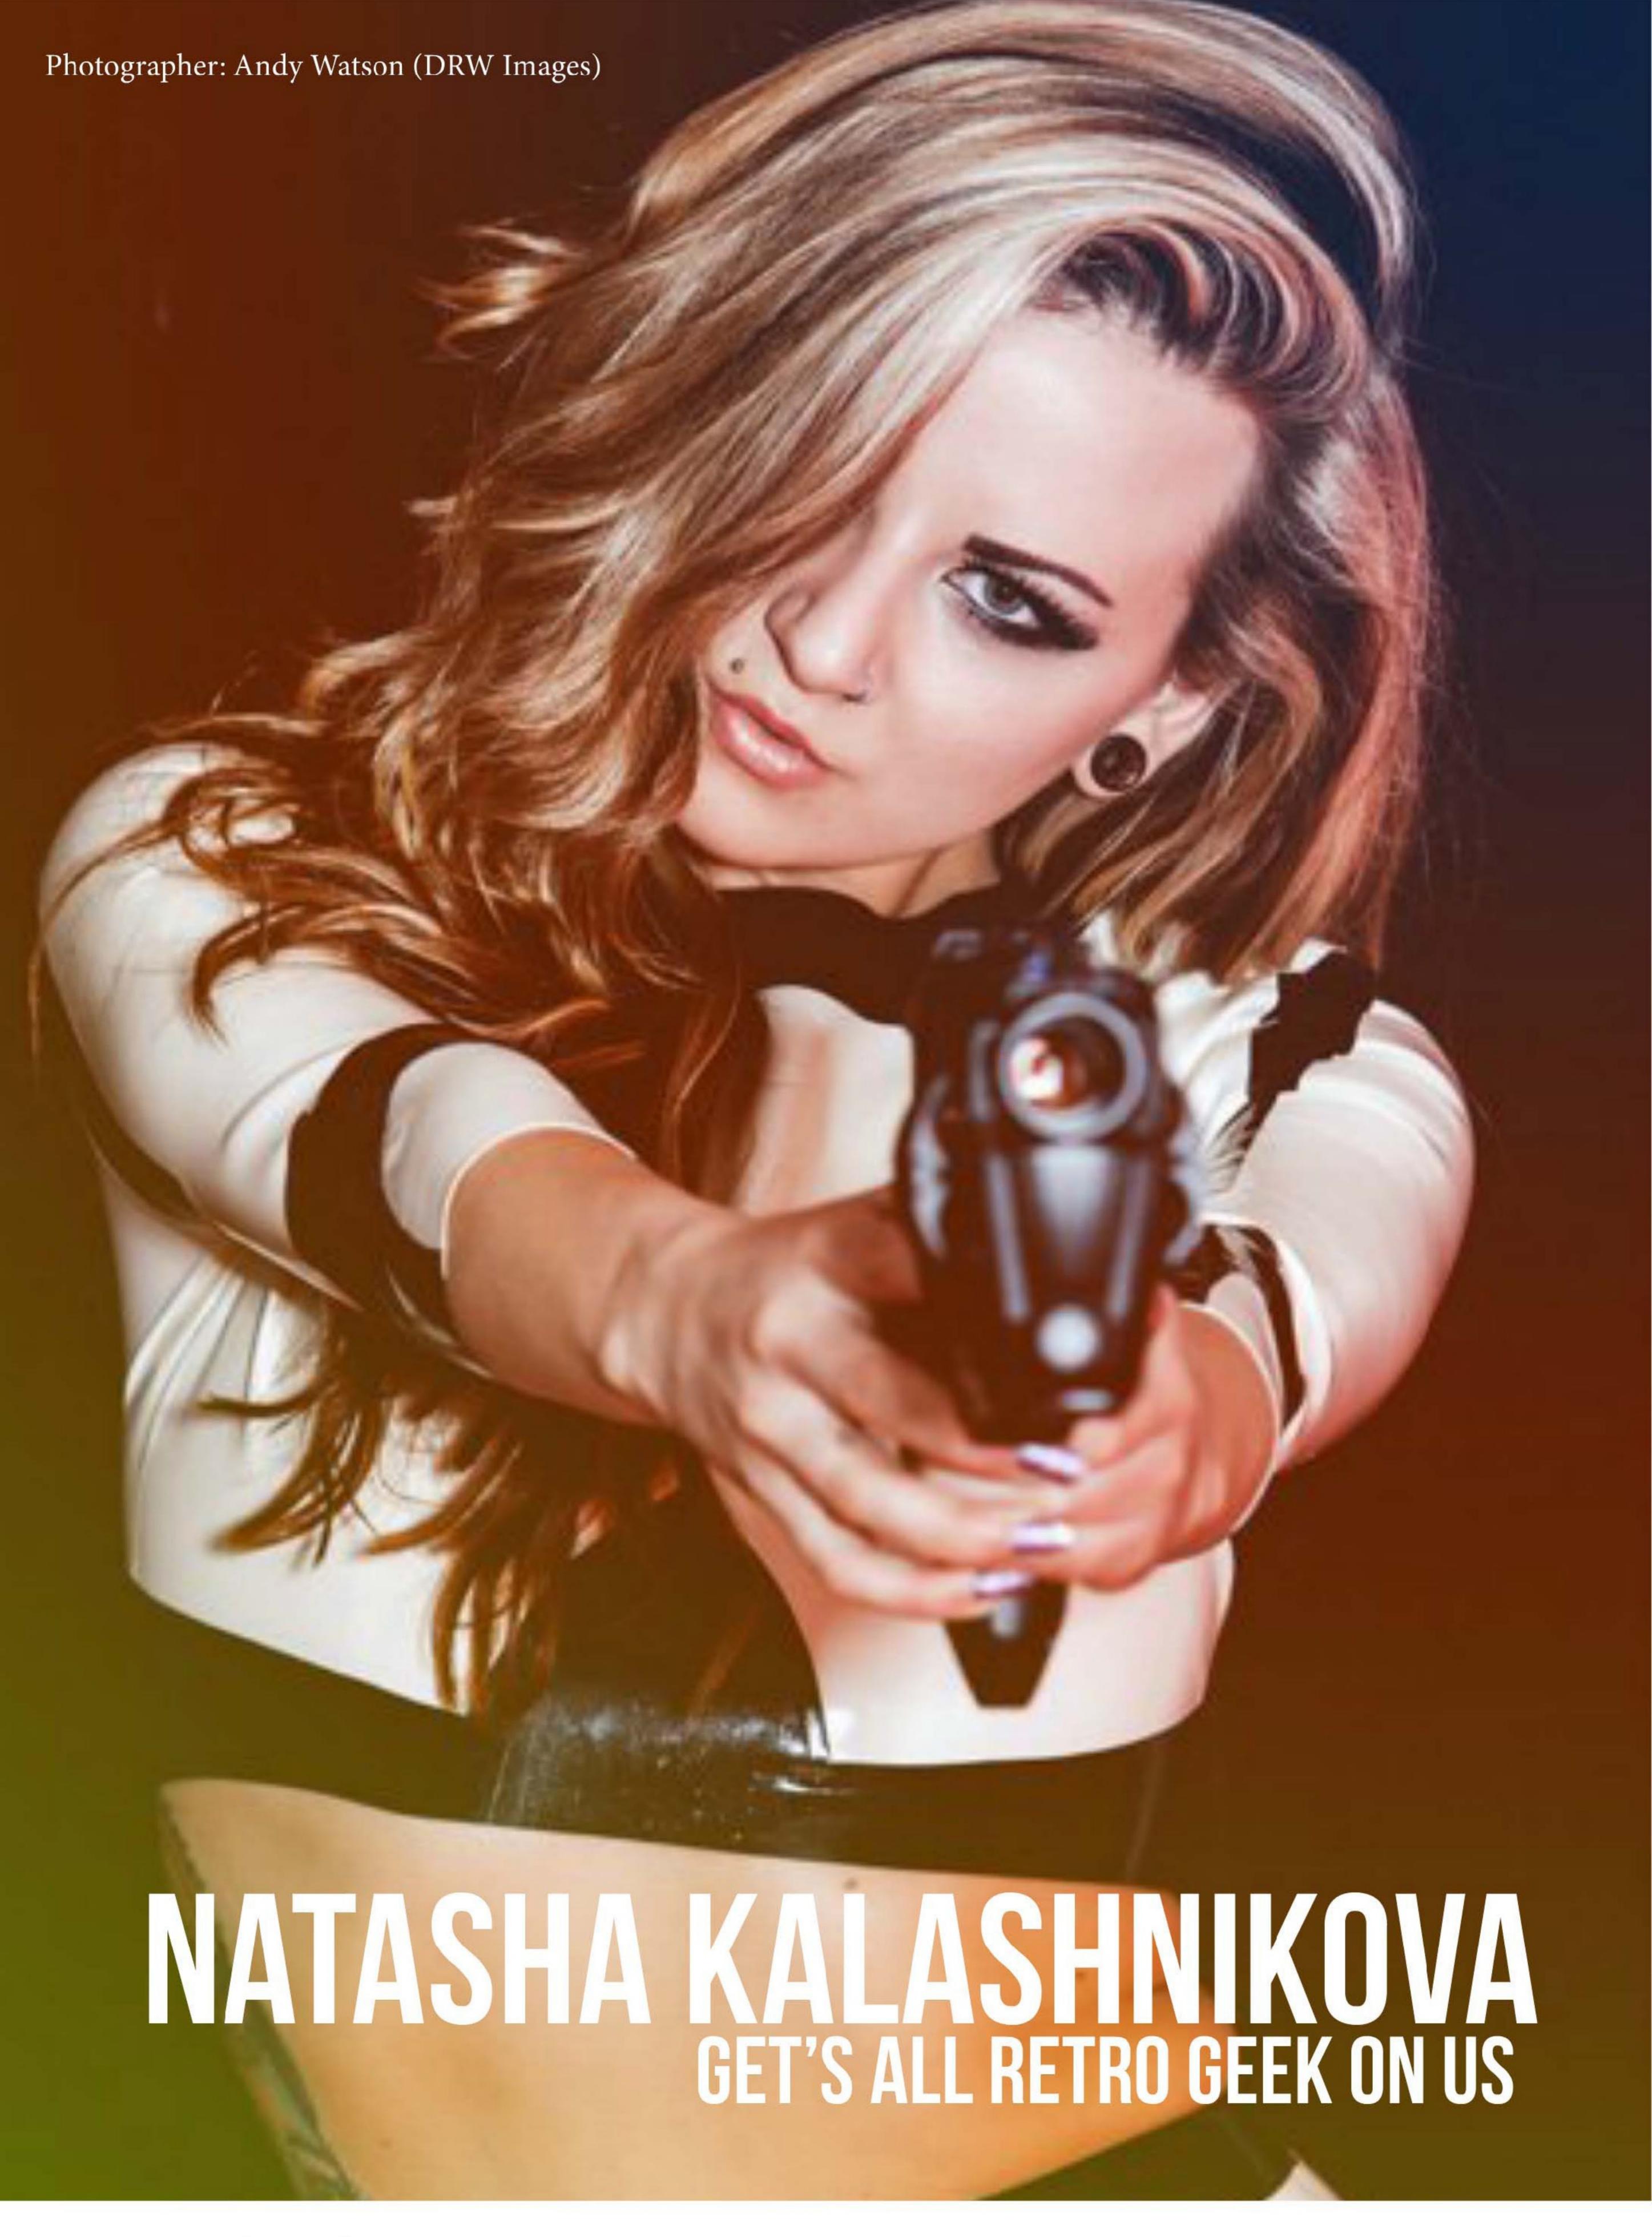

Do you like to stop for a take away on the way home?
Sometimes, there's a Burger King right next to the taxi rank so it's pretty dangerous!

Which is better: Summer or Christmas? I love summer, everything is better in summer. I do like snow though.
